Chicago, Ill., May 24.—Both the Colts and Senators pulled themselves together to-day and put up one of the best games of the season. Friend pitched an unusually strong game, holding the visitors down to six hits. Sharp fielding was the order in both teams. Ten innings were necessary to decide the game, the Chicagos winning in the teath by a three-bagger by Ryan and a hot grounder by Decker, which Cartwright was unable to stop. The Chicagos left to-night on their Eastern trip. Flynn, who has been playing left field for the Chicagos, has been traded for McCorniek, the Indianapolis team's second baseman. McBrido will play left field on the Eastern trip and McCorniek or Relly will play second. Score:

We got onto him at last, however, but then it Buffalo will open a new track on Decoration Day with a meet by the Parkside Wheeling Club, which is one of the most flourishing cycle bodies in that city of bicycles and asphalt pavements. Tommy Cooper, who is regarded by many as Baid's most likely rival, and Arthur Gardinler, another probable quantity, will be among those who will initiate the new track. One of these who will oppose them is C. F. Werick, a Blson, who is figured as a likely eandlidate for the shoes of E. C. Baid when the champion shall have decided to discard them. This will be Werick's first effort as a professional, but on account of his most excellent showing last year as an amateur, his friends are very hopeful of his success in the cash prize ranks. Our chances are not very bright in the intercollegiate meet. We have no stars on the team and cannot hope for more than a few points at the most. We will place our main reance on the bicycle team. W. CHRISTIE, Coach Columbia Track Team.

The crew seems to have struck its gait at last. For some The Grew. time past it has shown a decided tendency to go to pieces, and the coaches have tried in vain to get their men into form again. On Monday the slump was so decided that Mr. Peet decided that a general shake up was the only remedy. The first step toward reorganizing was the replacing of MacDonald by Elmer, the captain of the freshman crew. That change affected the form of the crew in no wise and the men were tried in various orders without any good results. On Friday Coach Putnam induced Donald MacGregor to come out and try for a seat in the boat. MacGregor pulled a powerful oar in last year's victorious eight, but was unable to train on account of his studies. He was immediately pinced in his old seat at No. 5, and last year's order was followed as closely as possible by moving Prentice and Hubdy back to No. 2 and No. 4. With seven veterans in the boat the crew took a big brace, and on Saturday did the best work of the year. The men swung well together, the outboard work was clean-cut, and the boat travelled along fast on a fairly even keel. The stroke is still low, rarely coing above 26, but the crew is probably being worked harder than that of any of the other colleges. Van Voorhis has been appointed coxswain. He is heavy for the position, but is the best and most experienced of the candidates.

Mr. Peet will be unable to coach the men for the next two weeks, but intends to take charge again as soon as the crew goes to Poughkeepsie. This will be on June 2, unless the coaches decide to wait until June 6 to enable MacGregor to take his final examination.

GORNELL.

The work of the crews has been improving somewhat during the The Crew. last week. The second crew have been using the English boat this week, and the 'Varsity one of the paper shells. The men have been changed around every two or three days, and each man feeling uncertain of a seat is causing a great deal of rivalry. The order in which the Varsity has been rowing during the last four days is: Stroke, Bently; No. 7, Ludium; No. 6, Troy; No. 5, Johnston; No. 4, Crawford; No. 3, Moore; No. 2, Freeborn; bow, Ross toe has only been out several days, but is doing so well he is sure to make a scrap for

The Freshmen have been kept on the inlet, and so a comparison of their work is impossible. They have been rowing for the last month in the following order. Stanford, bow; McRiroy, No. 2; Walands, Balley, No. 6; Dalzelle, No. 7; Carter, stroke.

The Cornell bicycle and track team are in fine shape for the The Cyclets. Intercollegiate. Alexander and Barnett will train at Manhattan Beach this week rfor the races, since there is no good track here. Both will enter all five races, including the tandem. The men are in good form and are going to show up creditably.

Captain Bowen will bring the track men down Thursday, and Track Team. an unusual number it will be for Cornell. Bowen is recovering from his sprained ankle, which he received in the Pennsylvania meet, and with Darrich will help make the sprints interesting. They can do the hundred in 10 second flat and the 220 in 22 1.5 seconds. Taylor keeps on improving, and will run the 440 in 50 1.5 seconds. Pietch is doing his half-mile in 2 minutes and 2 seconds, while Powell and Becker are jumping high. Powell did the jump yesterday, covering 6 feet 1 inch. Shepherd is doing fine in the hurdles, covering the 120 in 16 2-5 seconds against the wind. Bull will be taken along in the walk. These men will compose the Cornell force, and will make the Manhattan Arbietic Club their quarters. GEORGE CONNORS, Trainer Cornell cycle and track teams.
